3. Financials
 - a. Martha is not here but she sent the financials and everything looked good and as expected. We reviewed them and they were approved.
4. Other Business
 - a. The next volleyball CYO weekend is 10/8-10/9, we have all the needed board volunteers. We are still working on finalizing the student volunteers. Mike will confirm with Rob that the school will be unlocked.
 - b. There has been confusion with the way trainers are dealing with head injuries on the football field. The trainers at different schools all have their own way of dealing with head injuries. Some trainers or coaches are allowing players to go back in just because the parents say it is alright. There has been situations where even the refs are getting involved in saying who can play and who can't. We need a consistent way throughout the CYO for dealing with head injuries.
 - c. We had a suggestion that we add another color uniform shirt for our soccer teams. There are a couple of other teams that have red shirts, and when we play them it causes a problem. We are going to check with Martha to see how much it would cost to add a white shirt, or buy a reversible shirt. Jason suggested that we pool together within the diocese and get a deal with one supplier for uniforms.
5. Uniforms - nothing
6. CYO Report
 - a. Kevin has an email out to the CYO to confirm exactly what questions we are supposed to put on our questionnaire regarding playing the CYO football teams in South Bend.
