Program description

Super Shot provides immunizations against flu and over 15 other vaccine preventable childhood diseases to children ages birth to 18 who are uninsured, under-insured, or Medicaid eligible. Our largest program is our network of 4 immunization clinic sites in Fort Wayne and surrounding communities. We also reach children through Project Immunize (for children from birth to age two); Reminder Recall (personal and autodialed calls and postcards when a child is due or past due for shots); and Community Education including distribution of educational materials to parents of newborns at local hospitals, child care facilities, community partners and at our clinic sites.

What you should know before visiting Super Shot

- We are a walk-in clinic. First come, first served.
- Children must be accompanied by a parent or legal guardian.
- We serve Medicaid, uninsured and under-insured children from birth through 18 years old.
- We serve uninsured and under-insured adults.
- There is a \$10 fee per shot; Medicaid is accepted.
- No one will be turned away due to inability to pay.

Turn over for more information.

What you should know before visiting a Super Shot clinic:

Super Shot is a walk in clinic, no appointment is necessary, everyone will be seen on a first come first serve basis. Everyone must bring a current shot record to every visit. There is a \$10 fee per shot. No one will be turned away for failure to pay.

(260) 424-7468 | supershot.org

Children (under 18):

- We serve Medicaid, uninsured and underinsured children from birth thru 18 years of age
- All children, under the age of 18, must be accompanied by parent or legal guardian
- All CDC recommended vaccinations for children are available
- Must bring a copy of the child's shot record.

Adults (18+):

- We also serve those underinsured and uninsured adults by offering a limited number of vaccinations, including: Hepatitis A, Hepatitis B, Human papillomavirus (HPV), Influenza, Varicella, Tetanus, diphtheria, pertussis (Tdap), Measles, mumps, rubella (MMR), Meningococcal, Pneumococcal 13 valent conjugate (PCV13), and Pneumococcal polysaccharide (PSV23) vaccines
- Bring a copy of your shot record.

We would like to **thank** our community partners, both large and small. It is your continued generosity that allows us to provide childhood immunizations for uninsured, underinsured, and Medicaid-enrolled children -- birth through 18 years old -- and to offer vaccinations to uninsured and underinsured adults.

Thank you!
